Re: Notice of File Closure for Small Mining Project, Natural Resource Holding Company, Sam #75  
Mine and Mill Site, S/019/048, Grand County, Utah

Dear Mr. Cooper:

This letter is to notify you that Division file, S/019/048, for the Sam #75 small mining project, located in the NW1/4 SE1/4 SW1/4 of Section 33, T18S, R25E, Grand County, Utah, will now be closed.

On September 6, 2000, a Division site inspection was performed (copy of inspection memo enclosed). As indicated in the inspection memo, because there were no signs of recent mining disturbance in this area, we recommend the file be closed. We could not close our file without concurrence from the Bureau of Land Management (BLM), as this project is located on federal lands managed by the BLM. On October 4, 2000, we had a phone conversation with Sal Venticinque of the Moab BLM field office who was in agreement with closing this file.

You are hereby released by the Division from further mining or reclamation responsibilities at this site. You are not required to pay the \$100.00 permit fee as recently requested. If you wish to conduct any future mining related activity in this area, you will need to submit a new notice to the appropriate agency(s), pay the Division permit fee, and receive written approval(s), prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5267. Thank you for your cooperation.

Sincerely,

Anthony A. Gallegos  
Senior Reclamation Specialist
